The 'Millionaire Matchmaker' is bringing her trademark tough love to the airwaves.

The Millionaire Matchmaker's Patti Stanger is bringing her unfiltered take on love, dating, and sex to the airwaves. The expert will be launching her own podcast series, *The Love and Sex Report*, starting tomorrow for [Sideshow Network](#).

Each week, Patti will team up with dating coach David Wygant to discuss celebrity love and relationship news while providing exclusive dating tips and advice to listeners. The duo will also be joined by celebrity guests who will discuss their love lives.

"*The Love and Sex Report* will be an edgy, real, uncensored discussion about relationships," Patti says. "Wygant and myself will approach topics and news as we always have...with the upfront truth. We know that's what our listeners will want to hear and experience--an authentic, fun take on dating, sex, and of course love."

The Love and Sex Report will be available on iTunes, SoundCloud and Sideshow Network.
