PATTI STANGER REVEALS IF EX-BOSS ANDY COHEN IS CAPABLE OF FINDING LOVE: EXCLUSIVE

Posted June 29, 2016 by NAUGHTYGOSSIP

After starring in Bravo's The Millionaire Matchmaker for eight seasons, Stanger is coming to WE tv on July 8 to help new rich and stubborn singles on her brilliant new show, Million Dollar Matchmaker.

So we had to ask her: Is Andy Cohen capable of having a long term professional or personal relationship?

"Yes, once he decides he wants love, he needs to make that a priority over fame." -Patti Stanger

Stanger brings 30 years of relationship and dating expertise to WE tv as a television personality, author, blogger and the founder and CEO of Millionaire's Club. This new union is a significant next step in solidifying WE tv's standing as the premier destination for unscripted relationship programming.

"Patti has built her brand and reputation on bringing people together and that's exactly in line with the brand we've cultivated at WE tv," said Marc Juris, WE tv's president. "She is the perfect personality to help us continue to solidify our place in the relationship and dating space, and it couldn't come at a more exciting time as more viewers are engaging with our shows and personalities across platforms. We are huge fans of Patti's and we're thrilled to welcome her into the WE tv family."

"I am a HUGE fan of WE tv and of Marc Juris and Lauren Gellert", and so excited to join a new home that fits with me creatively and personally," said Ms. Stanger. "WE tv is on the cutting edge of reality tv and we're about to blow the roof off of relationship programming!"

NAUGHTY GOSSIP has been the new show and can report that it is FANTASTIC. PATTY IS BACK, AND BETTER THAN EVER!
