**Farrah Abraham** may seem like she's bursting with confidence — but apparently, her "painful secret" has been getting in the way of her love life!

And the **Teen Mom OG** star is hoping to put those fears to bed on an upcoming episode of *Million Dollar Matchmaker*!

In a clip of **Patti Stanger's** new series — not to be confused with **Bravo's** *Millionaire Matchmaker* — the 25-year-old is set up on a date with some man candy named **Aaron**.

The date is smooth sailing, until Aaron is handed an envelope with SCANDALOUS information about the reality veteran — and Farrah isn't allowed to look inside!

She tells the cameras:

"This mystery envelope gets delivered. I'm not allowed to look at what's inside. I think that's messed up. I wonder what fun fact about me was in there. It could be anything, so who knows."

We have a feeling the "fun fact" probably involves the brunette beauty's **sex tape** and **foray into the adult film industry** — which Patti says the mother-of-one needs to stop being embarrassed about and learn to accept!

But judging by Farrah's irritated reaction, that task is easier said than done!

Ch-ch-check out the clip (below) and catch Farrah's episode of *Million Dollar Matchmaker* this Friday at 10 p.m. EST on **WEtv**!
