Patti Stanger Busts BFF on "Million Dollar Matchmaker" -- Calls Him Out HARD!

Having **Patti Stanger** as a best friend has its perks ... and also its drawbacks.

While she could save you from an awkward Tinder date or two, she also doesn't sugarcoat anything -- and, in this exclusive sneak peek at this week's "**Million Dollar Matchmaker**," we see what it's *really* like to have her as a confidant.

On Friday's new episode, the reality star goes in on her good friend **Tony**, who just won't quit his cradle-robbing ways.

Her buddy, who has a reputation for dating way too young in the past, tries to lie to Stanger about his date. He obviously forgot Patti is a pro when it comes to liars, as she comes to him with evidence of his own dishonesty. Busted!

Patti tells him he needs to change his ways, unless he wants to be alone for the rest of his life.

Check out the tough love sneak peek above -- and see how the heated intervention plays out Friday night at 10pm on WEtv.
