Jennifer Lopez's ex-husband Ojani Noa made headlines last year when he threatened to release a sex tape of the star who he married in 1997. And while that never materialized, he's back on TV, dropping major bombshells about their troubled marriage.

Noa, who was the superstar's first husband, lashed out at Lopez in an exclusive video obtained by RadarOnline.com.

"That was my first love, my first marriage," Noa tells Patti Stanger on a sneak peek of Million Dollar Matchmaker.
